

TRAFFIC SAFETY CHANGES AT PMS

You may have noticed by now that the crosswalk and road construction around Parsons Middle School is complete. As a result of the improvements it is necessary for us to inform you of changes in procedures for dropping off and picking up your students. Your attention and cooperation are appreciated. Please refer to the picture below.

-Motorist west bound on Main St. dropping off/picking up students in front of the building should pass through the crosswalk and park in the recessed curb area; or park on the west side of the building. Please do not park east of the crosswalk on the north side of Main St.

-Those dropping off/picking up on the west side should note that the crosswalk has moved approximately 75 yards south from where it used to be. Please be attentive to this change.

-As always, please be attentive to staff working the crosswalk, as well as the students they are directing.
